.NET Backend Developer with bilingual English proficiency (Certified English Teacher). Passionate about software architecture. Seeking professional opportunities in the IT industry, bringing proactivity, logical thinking, and strong communication and teamwork skills developed over 7 years in the education sector.

TECHNICAL SKILLS

- **Programming Languages:** C#, SQL, HTML, CSS.
- **Otros lenguajes:** Python, JavaScript (Academic knowledge).
- **Frameworks & Technologies:** .NET, ASP.NET Core (Web API, MVC), Entity Framework Core, LINQ, Razor, Identity, Swagger.
- **Architecture & Patterns :** Clean Architecture, MVC, Dependency Injection (DI), Repository Pattern, DTOs, RESTful API design.
- **Databases :** SQL Server, MySQL.
- **Tools :** Git, GitHub, GitHub Actions, Docker, Postman, Swagger, Azure SQL.
- **Languages :** English (Bilingual/C2), Spanish (Native).

FEATURED PROJECTS

Low Poly Backlog (ASP.NET Core MVC + Web API) C#, .NET, Entity Framework Core, SQL Server

- Developed a layered RESTful API for a retro video game backlog manager, ensuring a modular design through Dependency Injection, DTOs, and the Repository Pattern.
- Implemented asynchronous CRUD operations, external API integrations (IGDB & Cloudinary), API Key authentication, and cloud deployment using Docker. github.com/marianovitali/LowPolyBacklog

Barber Legacy (Web API) C#, .NET, Entity Framework Core, SQL Server

- Designed and built a web application for end-to-end barbershop management using a layered architecture.
- Implemented asynchronous CRUD operations and configured user authentication and authorization using ASP.NET Core Identity.
- Documented endpoints using Swagger to streamline frontend integration. github.com/marianovitali/BarberLegacy

LogicGate (Desktop Application) C#, WinForms, SQL Server

- Developed a technology catalog management application featuring a native Windows graphical user interface.
- Structured the data access logic to perform complete create, read, update, and delete (CRUD) operations. github.com/marianovitali/LogicGateWinForms

EDUCATION

- **Associate Degree in Computer Programming** | Universidad Tecnológica Nacional (UTN) (2025 - present)
- **Bachelor Degree in English Teaching** | Instituto Monseñor Jorge Novak (2016 - 2020)

COURSES & CERTIFICATIONS

- **RESTful Web API Development with ASP.NET Core** (Clean Architecture, Security, Validations & Middleware) - [Felipe Gavilán - Udemy](#) (2026)
- **C# and .NET Development LEVEL 4** (.NET 9, MVC, Razor, EF, Identity) - [MaxiPrograma.com](#) (2025)
- **C# and .NET Development LEVEL 2** (OOP, .NET, SQL) - [MaxiPrograma.com](#) (2025)
- **C#** (Fundamentals & Object-Oriented Programming) - Coderhouse (2023)
- **JavaScript** (Syntax, DOM Manipulation, Events) - Coderhouse (2022)

PROFESSIONAL EXPERIENCE

English Teacher | Curriculum design & educational content delivery for children, teens, and adults

- Public High Schools (2021 - Actualidad)
- English Pocket (Gotanda, Tokyo 2024 - 2025) International experience teaching English in Japan.
- Instituto Nuestra Señora Del Perpetuo Socorro (2021- 2024)
- English Point Business English For Companies (2021 - 2022)
